1.804 ml
640/case, 2560/skid

Dome Lids available in APET

Item 7590FL
Fits 7590 Series
300/case, 2400/skid

Item 3362
Fits 3357 Series
2000/case, 20000/skid

Item 3374
Fits 3357 Series
2000/case, 20000/skid

Polystyrene Produce Trays

1/2 STEAM TABLE TRAY

Why settle for standard produce trays, when you can get better protection and competitive pricing from Sonoco Plastics' Superior Plus produce steam table and sliced tomato trays. Superior Plus produce trays are designed with smooth, curved interior walls to reduce pressure points and channel fluids away from the fruit, keeping it fresh, flavorful and visually appealing. The half steam table trays are available with an optional drain insert that directs up to 250ml of fluid away from the fruit, maximizing shelf life. Sonoco Plastics' trays provide strong, low temperature seals and can be laminated with polypropylene (PP) or low density polyethylene (LDPE) for faster throughput on packing lines. Superior Plus produce trays are available in black and white.

Dimensions:
Length: 31,4 cm
Width: 26 cm
Depths: 3,8 cm, 5,1 cm,
7,6 cm, 8,9 cm, 9,7 cm

Pallet/case configuration:

Case Pack: 1,320 trays per case, one case per pallet,
24 individually-sealed bags of 55 trays each
Case Size: 101,6 x 121,9 x 106,7 cm; 1,73 cubic yards; one
case/pallet
Case Weight: 113 kg

1/4 STEAM TABLE TRAY

Sliced tomatoes are vulnerable to damage, which is why you should switch to Sonoco Plastics' thermoformed sliced tomato trays. Not only do our trays protect produce, but they provide extended shelf life, thus saving money and producing less waste. Our unique design features a smooth, curved surface to reduce pressure points and prevent flat slices and edge damage that make fruit visually unappealing and shorten shelf life. The tray delivers superior fluid handling, allowing up to 80ml of fluid to flow away from the fruit while keeping slices firm and flavorful. Sonoco Plastics' trays provide strong, low temperature seals with either LDPE or PP films that result in faster throughput on packing lines. Superior Plus produce trays are available in black and white.

Dimensions:
Depth: 9,8 cm
Width: 13,8 cm
Length: 30,2 cm

Pallet/case configuration:

2,300 trays per case (46 bags of 50)
113 kg per case
101,6 x 121,9 x 106,7 cm (Pallet)

DRAIN TRAY INSERT

Specifically designed to support the product above the floor of the outer tray, completely separating produce from collected liquid, this unique configuration of tray and insert can be provided preassembled without adding to stack height.

Dimensions:
Inserts are designed to fit inside a Superior Plus Produce 1/2 steam table tray and can be preinserted.
Length: 26,2 cm
Width: 20,8 cm

Pallet/case configuration:

Case Pack: 6,500 trays per case, one case per pallet

DIVIDED DRAIN TRAY INSERT

Delivers enhanced protection, cradling lines of sliced tomatoes or other fruits so they retain their shape and position within the tray. This helps ensure optimum presentation of the produce to the consumer, which in turn communicates quality and freshness.

Dimensions:
Inserts are designed to fit inside a Superior Plus Produce 1/2 steam table tray. These inserts cannot be preinserted
Length: 26,2 cm
Width: 20,8 cm
Divider Height: 1,9 cm

Pallet/case configuration:

Case Pack: 400 trays per case, 20 cases per pallet
