

AccuTaste™ Small Dose Seasoning Dispenser

Sonoco Plastics has innovated a small dose Seasoning Dispenser that can accurately dispense a premeasured dose and reload quickly.

Key Features and Benefits of Sonoco's AccuTaste™ SD Seasoning Dispenser:

- Accurate Dispensing** – Patented design that provides accurate, repeatable and functional dispensing.
- Quickly Reloads** – Dispense dose with a quick squeeze. Once the trigger is released, the unit reloads.
- Simple to Use** – Ergonomic handle (easy to grasp and easy to hold while squeezing when dispensing).
- Easy Refill** – Clear flip lid allows the operator to view the product level. A hinged lid allows for easy refill.
- Large Holding Capacity** – The holding capacity is more than a typical dredge can or dispensing unit resulting in a reduced number of refills.
- Durable** – Custom engineered design and engineered resin provides heat and chemical resistance.
- Easy to Clean** – Designed for easy cleaning without disassembly.

Specifications:

4.175" lid diameter x 5.345" assembled height
Multiple dosage models available, ranging from .17cc to 4cc

Additional Marketing Information

AccuTaste Bases and Doses:

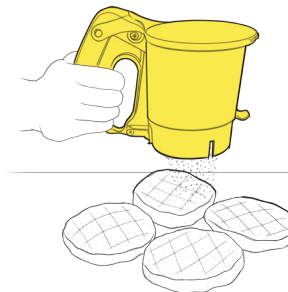

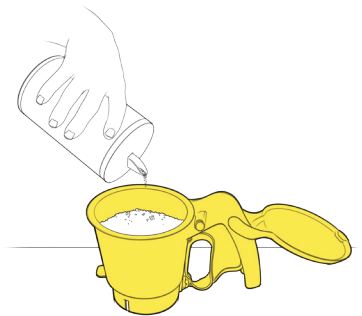

Green - .17cc	Natural - .55cc
Grey - .34cc	Red - .76cc
