

Endwall Packaging System

Sonoco's Endwall Packaging System delivers high performance protection for valuable film products. Safe, secure, and contaminant free, this sophisticated plastic suspension solution, safeguards film throughout distribution and storage.

Benefits

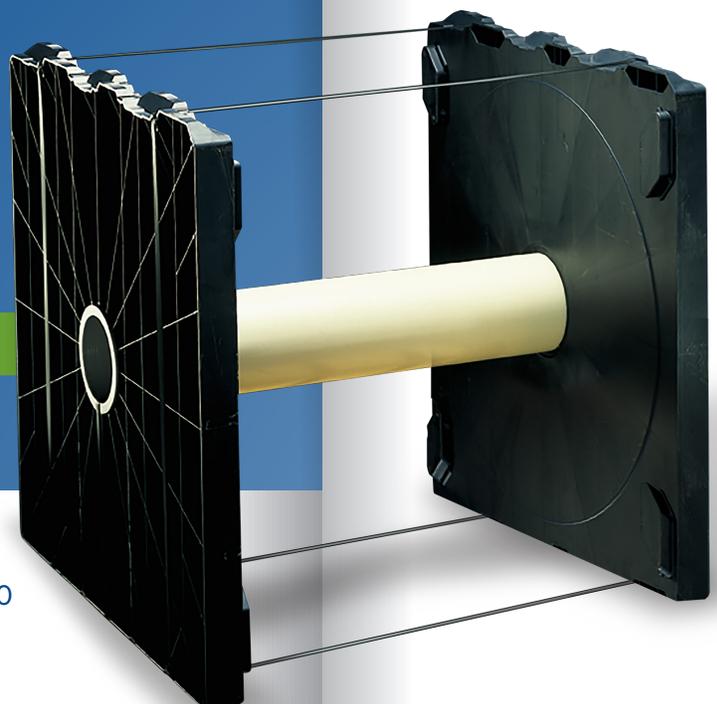

- ▶ Sized to accommodate a wide range of roll diameters
- ▶ Endwalls for 3, and 6 inch ID cores
- ▶ Patented design featuring interlocking pads for secure stacking and shipping
- ▶ Durable polystyrene construction resists damage
- ▶ Clean room friendly
- ▶ Easy to assemble
- ▶ Stacks for indoor/outdoor storage
- ▶ Suitable for other products wound on cores

Safe, Secure Stacking

Four-sided interlock design lets you stack multiple rolls on one pallet.

Sustainable | Reusable | Recyclable
